 ROCKET.CHAT Fork it on github

★ @ rafael.kellermann

rafael.kellermann Rocket.Chat Team 10:07 AM seeking alpha

matheus.cardoso 11:04 AM Ah sim, faltou localizar o quote 😊 tou só terminando aqui o race condition e faço isso

matheus.cardoso 11:59 AM Acho que já terminei minhas pendencias, fiz os testes lá e localizei o quote Tu tem alguma sugestão daqui pra frente?

rafael.kellermann Rocket.Chat Team 12:17 PM Massa! 😊 Deixa eu ver

Cara, ta afim de pegar esta [NEW] Support viewing image/audio/video on the Chat controller? Pensei na gente fazer um playerzinho

matheus.cardoso 1:45 PM No caso, falta video e audio Seria legal, mas tu acha que vale a pena fazer um player do zero?

This is a screenshot of a GitHub repository page for "RocketChat / Rocket.Chat".

The repository has the following statistics:

- Watched by 709 users
- Unstarred by 14,034 users
- Forked by 2,926 users
- 1,901 issues
- 96 pull requests
- 4 projects

The repository is described as having "12,284 commits", "53 branches", "106 releases", and "340 contributors". The license is MIT.

The commit history shows the following recent activity:

- rodrigok committed on GitHub Merge pull request #8304 from RocketChat/add-rdstation-livechat-integ... (16 hours ago)
- .docker action audio and video (2 months ago)
- .github Fix typo in generated URI (2 months ago)

October 17, 2015

AS ali.prime.services 14:40
@fleet.manager: Drone 1 on mission A3 waypoint 7 looks out of fuel. How can that be?

FM fleet.manager 14:41 (edited)
@ali.prime.services: Verifying service records - please hold.

AS ali.prime.services 14:41
@fleet.manager: Yeah, please hurry up. Only 30% fuel left, doesn't look good.

FM fleet.manager 14:42 (edited)
@ali.prime.services: Strange! That bird went missioning with 100% fuel only 2 minutes ago.

AS ali.prime.services 14:44
@fleet.manager: You think it is a faulty sensor gauge? How much can we trust it?

FM fleet.manager 14:45 (edited)
@ali.prime.services: Standard operating procedure says we must trust the instrumentations. Call it back to base!

AS ali.prime.services 14:45
F*#@)! It is mission A3 waypoint 7 - no way in hell it is going to make it back with 30% fuel!

FM fleet.manager 14:48
@ali.prime.services: Just got OK for contingency services from HQ on Drone 1 mission A3 waypoint 7.

AS ali.prime.services 14:50
@fleet.manager: So what? We blow it up out over a bush? Tank it into retention pond? Or crash land it for civilian recovery?

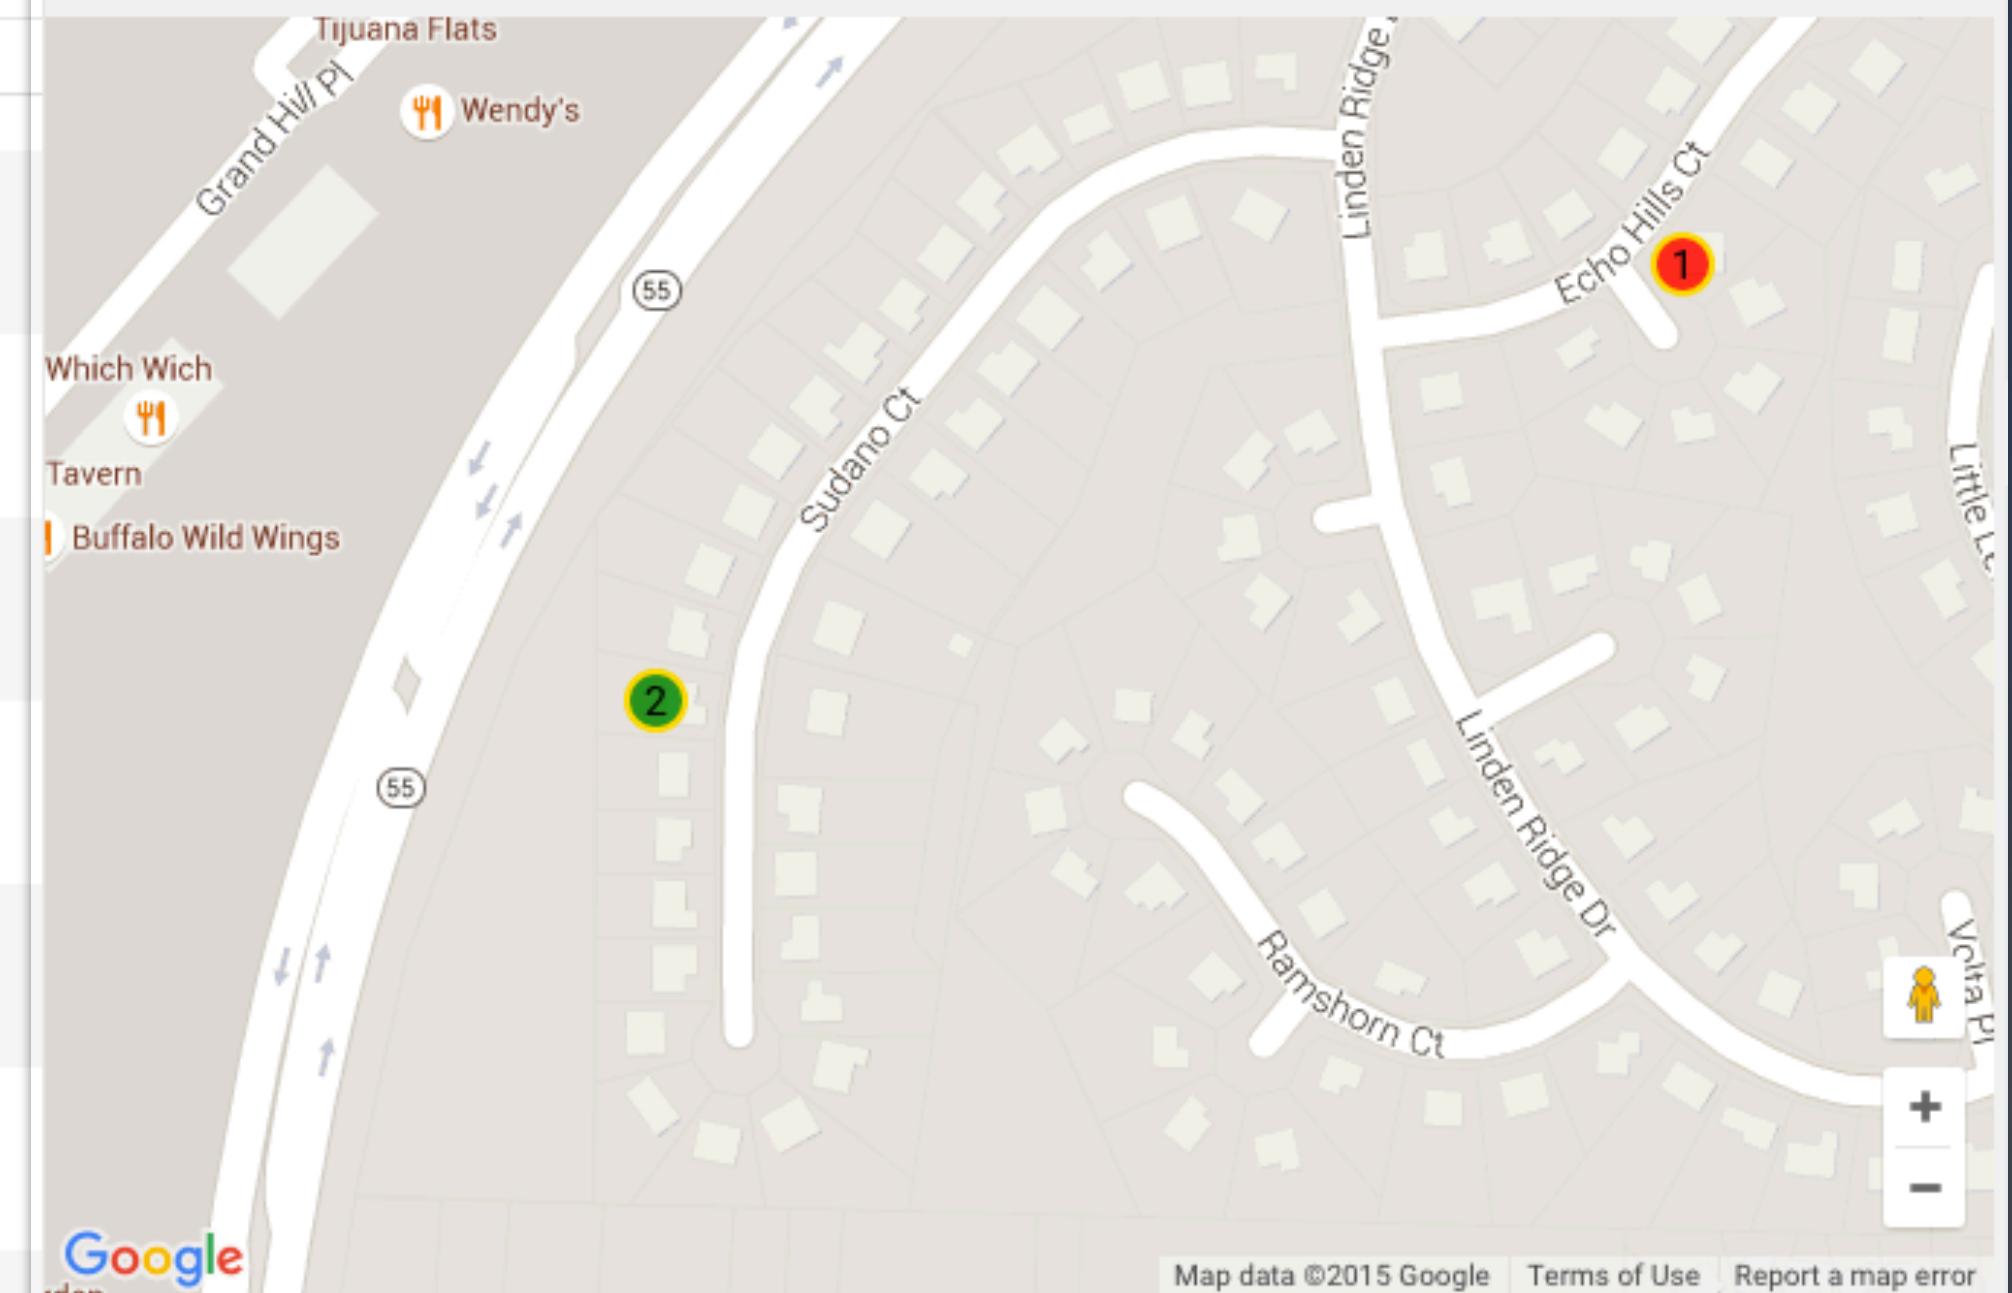

FM fleet.manager 14:51 (edited)
@ali.prime.services: We've got some MF insurance coverage! Even indirect forest fire up to 200 acres. Do whatever you want!

AS ali.prime.services 14:55
@fleet.manager: :grin: :fire: :fire: :fire: Haha. OK. Will confer with engineering. Oh, this is a new drone from 3D! @3dr.drones

3D 3dr.drones 14:56
@ali.prime.services: Yes SIR!

AS ali.prime.services 14:57
@3dr.drones: Our drone 1 , model SoloWayTooLoney, serial 323838 has a faulty fuel guage, please advise of disposal.

Drone 1: mission A3 waypoint 7 fuel 30%
Drone 2: mission A7 waypoint 2 fuel 100%

The screenshot shows the Rocket.Chat desktop application. On the left, a sidebar lists several channels: # androidnativeapp, # hubot, # iosnativeapp, # important, # mobile-internal, # rocket-dev, and # rocketchat-working-on (which is currently selected). Below these are sections for Favorites (7), Channels (4), and a general search bar. At the bottom, there's a logo for 'ROCKET.CHAT' and a GitHub fork link.

★ 🔒 rocketchat-working-on

The purpose is to keep the rest of the team up-to-date...

aaron.ogle Rocket.Chat Team 2:53 PM
Today:
* Releasing 0.58.3 to snap channel. Took a bit longer hadn't set my test machine back up since the move.
* Working on logistics of moving [demo.rocket.chat](#) to [open.rocket.chat](#)
* Working on [cloud.rocket.chat](#) ui improvements to forms to match Seans on website.

diego.sampaio Rocket.Chat Team 2:54 PM
Working on Facebook <-> Livechat integration

karl.prieb Rocket.Chat Team 2:56 PM
Working on the new contextual bar implementation

arthur.giustina 3:13 PM
Finishing the new flyer/brochure for events

julia.grala 3:21 PM
Sales Metrics- First draft / Websummit / Mugs order details / Pipz demonstration / Astronaut costume

matheus.cardoso 3:25 PM
* Preparing for tomorrow's talk
* Preparing some issues and inviting Hacktoberfest contributors
* Helping with the create channels PR

A rocket is launching vertically against a clear blue sky. A thick, white plume of smoke and fire trails off to the right from its base. The rocket's body is light-colored with darker stripes near the top. It has a small fins section at the very top. The background is a gradient from light blue at the bottom to a darker shade at the top.

A screenshot of a web browser displaying the Hacktoberfest landing page on the DigitalOcean website. The page has a dark blue background with a subtle circular gradient pattern. At the top, the DigitalOcean logo is on the left, and a navigation bar with links for "Hacktoberfest Projects", "Details", and "Resources" is on the right. The main title "Hacktoberfest" is centered in a large, stylized, orange-red font. Below the title, a subtitle reads "Support open source and earn a limited edition T-shirt." A red button with white text "Browse Projects on GitHub" is positioned below the subtitle. At the bottom of the page, a note states "Hacktoberfest is a month-long celebration of open source software in partnership with GitHub".

Hacktoberfest is a month-long celebration of open source software in partnership with GitHub

The Rocket.Chat logo, featuring a red speech bubble icon with three white dots inside, followed by the text "ROCKET.CHAT" in a bold, sans-serif font.

Como um projeto Open Source se transformou em uma empresa de 60 milhões de reais

A rocket is shown launching vertically against a clear blue sky. A thick, white plume of smoke and fire trails behind it. The rocket has a dark, cylindrical body with a light-colored band near the top. It appears to be a two-stage rocket.
